Peter is extremely professional has A LOT of knowledge. My house is in peril from water running down. Peter knew exactly how to reverse it and although I only did one section I have DEFINITELY noticed the difference. Peter already has a plan going around my house and for my driveway. I had talked to a few people before him and no one knew what to do . I was so at a loss , water has done so much damage to my home if it didn't stop my house was headed down the mountain. It's pretty much strait down. So needless to say I'm thankful I met Peter!!! And Tucker is a delight ,he played with my Labs and hung out with my 14 yr old Lab . Very smart and just fun to have around. I HIGHLY RECOMMEND Peter and Tucker!!! Very dependable gets business done and done right!! Only wish there were more like him!!!!
